

**中國旅美科技協會**

Chinese Association for Science and Technology, USA

January 14, 2010

**Dear Lisa, Xiaoming, Bill, and the Members of the CAST-UT:**

On behalf of the CAST-USA 2010 leadership team and the members of your sister CAST chapters across the US, we would like to congratulate CAST-UT for another very successful year of 2009 and wish every success with your 2010 annual convention this weekend.

CAST-UT has always been a very active and successful chapter of our association. A wide range of activities you organize and participate represents the best the CAST has to offer: promoting collaboration among our members and serving the local community, facilitating scientific and cultural exchanges across the Pacific, and more recently taking an active role in opening doors for those who want to contribute and pursue scientific and entrepreneurial opportunities in our motherland.

CAST-UT has a strong leadership team and a very engaging membership base. All of us from CAST-USA and other chapters certainly greatly appreciate the contributions you have made and wish you the best in your future local and international activities.

Have a great Year of the Tiger ahead for CAST-UT and all its members!

Daniel Zeng, CAST-USA President  
Qiang Lu, Chair of CAST-USA BOG  
Lu Shen, Chair of CAST-USA BOD  
Tony Fang, CAST-USA President-Elect
